

**CSASC 2018**  
**Joint Meeting of the**  
**Czech, Slovenian, Austrian, Slovak and Catalan Mathematical Societies**  
**Bratislava, 11 - 14 September 2018**  
**First Announcement**

The series of Joint Meetings of the Czech, Slovenian, Austrian, Slovak and Catalan (CSASC) Mathematical Societies was launched by the [Prague 2010](#) meeting (growing out of earlier bilateral conferences of the Czech and Catalan Societies), followed by the [Krems2011](#), [Koper 2013](#) and Barcelona 2016 meetings. This fifth edition, to be held in Bratislava, 11-14 September 2018, results from continuing lively collaborations of mathematicians of the five societies within the framework of European Mathematical Society multilateral conferences

The research programme of the Joint Meeting will consist of plenary lectures of keynote speakers nominated by the organising societies, followed by workshop covering particular areas in mathematics. As a rule, each workshop will have at least two organisers representing from different CSASC societies.

The following plenary speakers have been nominated (all confirmed):

Imma Baldomà, Barcelona Graduate School of Mathematics  
Carles Casacuberta, Barcelona Graduate School of Mathematics  
Zdeněk Strakoš, Charles University, Prague  
Marjeta Kramar Fijavž, University of Ljubljana, Ljubljana  
Vera Fischer, University of Vienna  
Michael Eichmeier, University of Vienna  
Jozef Širáň, Slovak University of Technology
